Everyone invited to Friday's Earth to Orbit symposium

NASA's Earth to Orbit Engineering Design Challenge symposium will be from 10:30 a.m.-noon Friday in the Bldg. 4203 cafeteria. Students will present their projects to Marshall engineers and scientists, and share their experiences in small group discussions. Everyone is invited to attend.

'Foundations of project management' training set

A foundations of project management training class will be April 18-21 in Bldg. 4200, room G-13/2. Topics covered include management concepts, planning, scheduling and control basics, cost estimating techniques and earned value management. To attend, civil servants should mail Marshall Form 4280 to Renee Higgins, CD20, by Wednesday.
